VYANKATESHWAR SANTOSH PUND

Python Developer | Django | REST APIs | MySQL
Amravati, Maharashtra | +91 8263986554 | pundvyankateshwar@gmail.com | linkedin.com/in/vyankateshwar-pund-7a654632b | github.com/vyankateshwarpund | vyankateshwarpund.netlify.app

PROFESSIONAL SUMMARY

Python Developer with hands-on experience designing, building, and deploying scalable web applications and RESTful APIs using Django and Django REST Framework (DRF). Skilled in MySQL, Django ORM, JavaScript, third-party API integration (Razorpay), authentication, and Role-Based Access Control (RBAC). Delivered production-grade e-commerce and college ERP platforms spanning 20+ Django apps, 75+ RESTful API endpoints, and 50+ URL routes supporting 50+ concurrent users, while collaborating in Git/GitHub workflows, code reviews, and Agile/Scrum teams to ship features and resolve defects on live codebases.

TECHNICAL SKILLS

Programming Languages: Python, JavaScript, SQL, HTML5, CSS3
Backend & Frameworks: Django, Django REST Framework (DRF), REST APIs, Bootstrap 5
Database & ORM: MySQL, Django ORM, SQL Query Optimization
Backend Concepts: OOP, CRUD Operations, Authentication, Authorization, Role-Based Access Control (RBAC), Database Design, Caching
APIs & Integration: REST APIs, Razorpay API, Postman
Tools & Platforms: Git, GitHub, VS Code, Docker, PythonAnywhere, Render
Practices: Code Review, Version Control, Agile/Scrum basics

EXPERIENCE

Junior Software Engineer | CCIT Institute | Aug 2026 - Present
Amravati, India

- Engineer and maintain Python/Django web applications, shipping 10+ new features and resolving 25+ bugs across a live production codebase.
- Implement and test 15+ REST API endpoints using Django REST Framework (DRF) for applications supporting 50+ concurrent users.
- Diagnose and resolve 20+ application defects, reducing recurring production errors by an estimated 30%.
- Review 30+ pull requests through Git/GitHub workflows, catching defects pre-merge and maintaining code quality standards.

Full Stack Development Intern | Auspify Technologies | Sep 2026 - Oct 2026
Nagpur, Maharashtra

- Completed a 2-month internship, handling assigned responsibilities with sincerity and discipline.
- Adapted quickly to new assignments during the first month of the internship.
- Strengthened communication and coordination skills across 2 months of assigned projects.
- Earned appreciation for performance and continuous improvement in web technologies.

PROJECTS

SPCart - Full-Stack E-Commerce Platform | Aug 2026 - Sep 2026
Python, Django, MySQL, Django REST Framework, JavaScript, Bootstrap 5, Razorpay API

- Built an e-commerce site with 10 Django apps, 75 views, and 50+ URL routes.
- Integrated 2 payment options (Razorpay and COD) and added Email OTP registration with JWT-style authentication.
- Created admin dashboard with 3 modules: sales reports, order management, and coupon system.
- Deployed 10 Django apps live on PythonAnywhere - github.com/vyankateshwarpund/Ecommerce_website

Student Management System - REST API | Jul 2026 - Aug 2026
Python, Django REST Framework, MySQL, Django ORM

- Developed College ERP with 75+ REST endpoints across 13 Django apps and 25+ models.
- Implemented RBAC with JWT for Admin, Teacher, and Student roles using 7 custom permission classes.
- Built admin dashboard aggregating data from 6 modules using Django ORM aggregations.
- Secured APIs against privilege escalation, achieving zero unauthorized access.

CERTIFICATIONS

Python, MySQL, HTML + CSS, and GitHub - Certificate Courses, CCIT (Centre of Computer and Information Technology), Amravati, Jul 2026

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science and Engineering | Dr. Rajendra Gode Institute of Technology & Research, Amravati | Expected 2027
Sant Gadge Baba Amravati University (SGBAU) | CGPA: 7.95/10.00
